(cf. 6010 - Goals and Objectives)  
(cf. 9000 - Role of the Board)

The Superintendent or designee shall review the effectiveness of district programs in meeting goals for student learning. He/she shall provide the Board and the community with regular reports on student progress toward Board-established standards of expected achievement at each grade level in each area of study. In addition, he/she shall evaluate and report data for each district school and for every numerically significant subgroup of the student population, including but not limited to school and subgroup performance on statewide achievement indicators.

On an ongoing basis, the Superintendent or designee shall conduct a district self-evaluation which may utilize tools developed by the district or the CDE to ensure compliance of district categorical programs with legal requirements.

#### Evaluation of Consolidated Categorical Programs

The Superintendent or designee and the Board shall annually determine whether the district's categorical programs funded through the state's consolidated application are supportive of the core curriculum and are effective in meeting the needs of the students they are intended to serve. As a basis for this evaluation, the Superintendent or designee shall recommend for Board approval the specific, measurable criteria that shall be used at each school and at the district level. These criteria shall include, but not necessarily be limited to, progress toward goals contained in the school's single plan for student achievement and progress of the total student population and each numerically significant subgroup toward growth targets on the statewide Academic Performance Index.
