Missed a call?

Akers School has an information system called Global Connect. We are able to set up the global connect to make mass phone calls to the entire school or certain classifications of students. If you receive a call please hold on the line, at times the system takes a few seconds to connect the message. If you receive a missed call chances are it is the global connect please take a few moments as the system will try again until it is able to leave a message or connect to a parent. Global connect is a great system to pass along information to our student body. Please note that if there is a true concern with your student you would be contacted by a staff member directly or with a detailed message. Thank you for your patience and understanding.
