Mime Time

January 13, 2012

6:00PM in the MU Room

Mime is a traditional presentation of classical and modern mime techniques. Mime is an art form that has been practiced for centuries throughout the world. Those attending will be mesmerized as the visiting mime performer presents several humorous short "silent stories" which may include many familiar illusions such as walls, ropes, ladders, and everybody's favorite - walking against the wind. Multiple characters might also be portrayed by the performer in the same story.

Congratulations!

50TH ANNIVERSARY CELEBRATION & SALUTE TO THE MILITARY CHILD

"50 YEARS TOGETHER"

RJ Neutra School and the military families of NAS Lemoore have been working together for 50 years to provide an excellent educational experience for military children. We can think of no better time to celebrate RJ Neutra's 50 years of success than during the month dedicated to military children. April is designated Month of the Military Child.

IMPORTANT CHANGES Car Safety Seat Law

Children under age 8 must be properly buckled into a car seat or booster in the back seat.

Children age 8 or older may use the vehicle seat belt if it fits properly with the lap belt low on the hips, touching the upper thighs, and the shoulder belt crossing the center of the chest. If children are not tall enough for proper belt fit, they must ride in a booster or car seat.

Seat belt fits with booster seat

Shoulder belt crosses center of chest

Lap belt stays across hips

Everyone in the car must be properly buckled up. For each child under 16 who is not properly secured, parents (if in the car) or drivers can be fined more than **\$475** and get a point on their driving records.

Note: Backless booster seats cost as low as \$15; high-back booster seats cost between \$20 and \$150.

Keep your children safe. It's the law!

For answers to your child safety seat questions, contact your local health department or visit cdph.ca.gov/vosp
