

Stratford Elementary School September Update

Distance Learning is up and running on the Stratford campus, with a combination of synchronous and asynchronous instruction. All students in grades TK through 8th have been provided with iPads, instructional materials and wifi devices as needed.

Technology Support

Students and parents in need of tech support may contact the district technology department for assistance at support@cusd.zendesk.com.

Free Lunches for All Students

Lunches are available to all children under the age of 18, free of charge. These are distributed every Monday and Wednesday in front of the school gym from 11AM until 12PM.

Attendance

Just like regular school, attendance during distance learning is MANDATORY for all students. If a child is going to be absent for any reason, it is the parent's responsibility to contact the school office at 925-2605 to clear the absence. Multiple unexcused absences will result in a referral to the School Attendance Review Board (SARB) process.

Assignments

Students will receive a combination of online and paper-pencil assignments. Completed assignments can be submitted via the student's iPad or returned in person at designated times.

Teacher Contact

All teachers may be contacted via email to answer questions or address concerns as needed. Teachers have designated office hours set aside daily to address such needs. Please refer to the weekly instructional schedule for a list of teachers' office hours.
