a. **Central Union Indian Policy and Procedure**

Elizabeth Lozano reviewed the information as follows:

As required in Section 7004 of the Impact Aid law, the Central Union Elementary School District has established Indian Policies and Procedures (IPP) for any children who reside on eligible Indian lands. This policy is reviewed during the Fall (September) IEC meeting. The IEC made no recommendations. The District disseminated the IPP to the tribe and parents of the children living on the Santa Rosa Rancheria on September 15, 2020, and asked that Indian parents and Tribal members review the IPP's and provide the District with any relevant input related to the policy.

One recommendation was received, and it was as follows:

"I don't know if this has anything to do with the IPP stuff, but last year for summer school, I think it was Mrs. Barstow did a class for teacher native language, I would like that to be an actual class or program that is offer in Central, especially (sic) with all the native kids going to the school."

As stated in Board Policy 5135, the District respond in writing to comments and recommendations made by the IEC, tribal officials, or parents of Indian children. The response is attached and has been posted (see attached). As you know, Central Union serves students within their boundaries parcels that reside on:

Indian Lands

Federal Government Military Lands

These lands are tax-exempt Federal properties, and the District is federally impacted. Central Union has parents complete a Federal Survey Form each year to provide the federal government to determine the annual impact aide allocation. These surveys have been disbursed on October 9, and beginning October 19, school sites will start calling to secure.

a) Survey forms that have not been returned

b) Survey forms that need to be corrected

On behalf of the District, we ask the IEC for its continued support in reminding parents of the importance of completing these forms correctly and returning it to the District Office.
