6. **Educational Focus Next Year – CUESD & LUHSD:**
  - a. LUHSD: Mr. Gent  
The most important challenge for HS at this time is preparing students for college and/or jobs. They are focusing on identifying the specific needs of students. The HS is also seeing attendance and social emotional learning. The HS is looking at equity and access for student in CTC and other programs. They will be attending a training which liaisons may be included in. The training will help them identify barriers for access for students and how to address them.  
Brummit – Based on AB\_\_\_\_ School must begin at 8:30am beginning next year. They will be running a block schedule. A positive result of this new schedule is a 30-minute homeroom period each day. Students will be working on collecting information to upload for CCGI. More opportunity for developing citizenship an intervention period built into the school day. The intervention period will also allow for students involved in various activities to make up a test or missed learning.
  - b. CUESD: Mrs. Sidhu  
The academic focus as we are ramping up will begin with the social emotional learning and sense of belonging to increase attendance. We are looking at student leadership – students having more of a voice again to increase belonging and attendance. We have 3 days of PL offered to all teachers, about half have signed up. The first 2 days will have key PL and the last day is planning with their PLC team. This will allow teachers to be very prepared as students come in. We also have some shifts in our Early Learning – TK. Assessments throughout the year to monitor student progress ongoing.

**7. District Volunteer Processes for CUESD & LUHSD:**

- a. LUHSD: Mr. Brummit explained the process beginning with being sponsored by a coach for those who will be alone with students.
- b. Central: There is a presentation for all parents and a background check. We talk about student confidentiality and expectations on campus. To be a chaperone on a field trip with a group of students separate from the teacher, a fingerprint clearance is completed.

**8. Student Activity Data for CUESD & LUHSD:**

- a. LUHSD: Jamison shared their student activity data. In each area, except Leadership, Native students participated at an equal or higher rate. Leadership 0% of Native participated.
- b. CUESD: Central's student activity data was shared by Loretta Black. Mrs. Gonzales shared the student activity data for Stratford. Stratford met or exceeded their goals for Native students participating. Higher participation of Native students in Basketball than all students.
