## 2020-21 School Accountability Report Card

Upload of your logo is optional.

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

The purpose of the School Accountability Report Card is to provide parents with information about Akers School's instructional programs, academic achievement, materials and facilities, and staff.

Parents and community play a very important role in our school. Understanding our educational program, student achievement, and curriculum development can assist both our school and the community in ongoing program improvement.

Akers School has a history of successful academic achievement and we will continue to strive to be the best. We have made a commitment to provide the best educational program possible for our students. The excellent quality of our program is a reflection of our highly committed staff. We are dedicated to ensuring that our school provides a welcoming, challenging environment where students are actively involved in learning academics, as well as, positive values. Our teachers, students, parents, staff, and community members are all an integral part of our school's success and by continuing to work together our students will be challenged to reach their maximum potential.

### Mission Statement

The faculty and staff at Akers School believe that education is a cooperative effort among home, school, and community. Our major goal is to prepare students to become responsible citizens and productive members of society. We believe all children are capable of learning. Akers children will be provided with an environment that is safe, caring, friendly, and educationally inspiring. Our school climate will encourage openness, trust, self-esteem, self-motivation, respect for self and respect for others. It will help children achieve social, academic, and physical excellence and allow students to succeed within their limits.

### School Profile

Admiral Akers School is nestled within the Lemoore Naval Air Station and was built in 1963 to service the children of military families. The school acknowledges the importance of a student's academic success and appreciates the importance of a student's social and mental well-being. Teachers, administrators, and staff are all dedicated to providing a warm and challenging learning experience for the children. The diversified population enables the school to embrace many different cultures and strive to create an environment that embraces all. Consistent with Central Union School District's philosophies, "while some would define having a highly diverse population as an obstacle, Akers School thrives on this multiplicity and encourages each student's unique abilities."

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2020-21 Teacher Preparation and Placement

<b>Total Teaching Positions</b>	34.9	100.0	87.9	100.0	274759.1	100.0

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	6.9
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0.0

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The state aligns textbooks, frameworks, and instructional materials to meet the California State Standards. Instructional materials for grades K-8 are selected from the state’s most recent list of standards-based materials and adopted by the State Board of Education. The District follows the State Board of Education’s adoption cycle for core content materials. District textbook review and adoption activities occur the year following the state’s adoption. The District’s Curriculum Selection Committee, comprised of teacher representatives, narrow the potential selections, followed by review and recommendation from all teaching staff. All textbooks are adopted from the most recent state-approved list. All textbooks are consistent with the content and cycles of the curriculum frameworks, adopted by the SBE. Every student has access to their own textbooks and instructional materials.

On September 13, 2021, the Central Union School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students, including English Learners, in the District. The Board of Trustees adopted Resolution #L-09-13-2021 which certifies, as required by Education Code section 60119, that (1) each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum.

## School Facility Conditions and Planned Improvements

### School Facilities

Akers School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Ongoing maintenance ensures school facilities are kept safe and in good working condition and continue to provide adequate space for students and staff.

Campus Maintenance Site custodial staff and the District's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept very clean, safe and functioning for students, staff, visitors and community organizations that frequently use the campus facilities. One full-time day custodian and a team of evening custodians are assigned to Akers School and work closely with the principal for routine maintenance, daily custodial duties, and special events. The principal and day custodian communicate daily regarding school facilities and maintenance issues.

The custodian inspects facilities every day for safety hazards or other conditions that need attention prior to students and staff entering school grounds. During the school day, all staff members survey grounds as a part of their daily routines to keep facilities safe and secure. The custodian performs routine room-by-room inspections to identify conditions that require correction. Any graffiti or signs of vandalism are removed prior to students

### Campus Improvements:

The construction project for Admiral Akers School ended in June 2021. With the economic assistance from the Federal Office of Local Defense Community Cooperation (OLDCC) and the State Office of Public School Construction, the Akers School project resulted in close to \$37M in funding to fully renovate and construct new classrooms on the Akers campus. Portable classrooms were eliminated, construction of a new 14 classroom junior high school wing and a new multipurpose event center occurred, and site infrastructure upgrades transpired such as new lighting, windows, plumbing and restroom facilities, a new blacktop area, and parking lot expansion.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

<b>Mathematics</b> (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2021-22 Opportunities for Parental Involvement

At Akers School, parents are encouraged to become active members of the school's learning community and assist in its goal to develop independent lifelong learners. COVID-19 guidelines have limited parent volunteer activities. Some school activities and events which are conducted outside, allow for parent participation.

Parents are encouraged to participate in Leadership opportunities such as School Site Council, English Learner Advisory Council, District Advisory Council, District English Learner Advisory Council, and Parent Club, and can do so either virtually or in-person based on their comfort level. In addition there are several avenues for parents to provide site input. These include, but are not limited to, volunteering, school climate surveys, community collaboration opportunities, and parent education nights.

Additional parental involvement information can be found in the parent involvement plan listed on the Akers school website.

## C. Engagement

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Akers School in collaboration with local agencies and the District administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and department from school, sexual harassment policy, dress code policy, and bully prevention policy. The most current school site safety plan is reviewed annually and any changes or modifications are presented to the School Board by March 1. Annually, the plan is also reviewed, discussed, and shared with school staff during a staff meeting. Components of the School Site Safety Plan are discussed at monthly staff meetings throughout the school year.

## 2020-21 Types of Services Funded

The Central Union School District Student Conduct Code, which is sent home with each student at the beginning of the school year, outlines expected student behavior and the consequences for inappropriate behavior. Akers School's code of conduct and school rules are in alignment with District policies and outlined in the student handbook. During the first week of school, behavior expectations and discipline policies are verbally shared with students at schoolwide assemblies. Teachers review individual classroom rules and expectations with students during the first few days of school. Throughout the year, school rules and policies are communicated as necessary on the school's website, in the school's monthly newsletter, and in personal emails to parents/guardians of students. The Student Conduct Code and student handbook are available on the District's website.

Peer mediators, Ambassadors for New Students, Safe School personnel, the sheriff, and school psychologist work in close collaboration with teaching staff and parents as an early intervention strategy in minimizing poor behavior patterns. A Districtwide Safe School campaign encourages students to notify school or District personnel of any instances of bullying, harassment, discrimination, vandalism, drug abuse, and other destructive behaviors. Students and parents may submit anonymous letters/ notifications through the District's home page at [www.central.k12.ca.us](http://www.central.k12.ca.us).

Extracurricular & Enrichment Activities - Students are encouraged to participate in the school's additional academic and extracurricular activities. Extracurricular activities, clubs, and enrichment programs include:

- Accelerated Reader Program
- Akers Ambassadors
- Anchored for Life
- Band
- California Junior Scholastic Federation
- Chess Team
- College Awareness Night (College professors, professional athletes & guest speakers), 7th graders go to UC Berkley for field trip (Virtual for 20/21)

## Professional Development

Central Union School District combines efforts to provide training and curriculum development based on the California Standards which are aligned to the content of the curriculum frameworks for grades kindergarten through eight. Teachers within the District align classroom curriculum to ensure that all students either meet or exceed state proficiency levels.

CUSD Vision focuses on “empowering every student to excel to their highest potential.” We seek “to be an exemplary learning community,” as stated in our mission. With this in mind, the District’s Professional Development Plan continues to focus on the Professional Learning Communities (PLC). Grade Level Teams have worked to identify Essential Standards Districtwide to ensure that all students are achieving. The District continues to partner with Solution Tree to support our learning community process through training and coaching for our educators.

With all students in Distance Learning, the year began with professional development and training to meet specific current needs. The Multi-Tiered System of Support (MTSS) Leadership Team continued to focus on the Social-Emotional and Behavioral needs of students. District counselors and psychologists provided certificated staff with two sessions on Best Practices for Building Relationships including strategies to specifically address needs in a remote setting. Teachers also participated in online curriculum delivery and use training.

The October 20 Professional Learning Day provided TK – Grade 2 teachers additional training and support in leveraging Showbie, CA Wonders, ELA/ELD adoption, and My Math, Math Adoption. Key strategies and best practices for use during distance learning were addressed. Teachers in 3rd – 8th grades participated in relevant content focused sessions. “From Math Task to Performance Task” (Why? When? And How?) provided training on why these tasks are important for students and how they have be used in both In-Person and Distance Learning. “Focus on Literacy Across the Content Areas” revisited the literacy expectations found throughout all California s subject matter content standards and the role teachers across contents play in literacy.

During the District’s eight Adjusted Days, Teachers collaborated in Districtwide Grade level or Content Teams virtually. These collaborations focused on Essential Standards, Data, and addressing the 4 questions of the Professional Learning Community: (1) What do we want all students to learn? (2) How will we know they have learned it? (3) How will we respond when learning has not occurred? (4) How will we respond when learning has already occurred?

Central partners with local County Offices of Education and content experts to provide staff training and coaching to support the full implementation and sustainability of State Standards. This year, they included:

Next Generation Science Standards (NGSS)  
Student Engagement and Accountable Talk  
Smarter Balance Interim Comprehensive Assessment Training  
English Language Development

Instructional aides receive training in instructional strategies to assist students with reading skills improvement, First Aid/ CPR, English Learners, Technology and Reading Mastery. Classified staff acquire job-related training through in-house sponsored workshops provided by department supervisors or product vendors. In addition to fully support Instructional aides delivering Reading Mastery Lessons in Distance Learning, “Reading Mastery in Zoom” training shared strategies and practices for effective lesson delivery in the digital platform.

Newly credentialed and/or beginning teachers receive training on assessment, individualized support, integration of instructional technology, and advanced content from the California Teacher Induction Program which is the preferred pathway to a California Professional (Clear) Teaching Credential. The Teacher Induction Program is co-administered by the California Department of Education (CDE) and the California Commission on Teacher Credentialing (CCTC). The Teacher Induction Task Force and State Leadership Team provide support and technical assistance to local Teacher Induction Program leaders. The Teacher Induction program provides standards-based, individualized advice and assistance that combines the application of theory learned in the preliminary teacher preparation program with mentor-based support and formative assessment feedback.

Sites also differentiate for staff based on the needs of their site, providing training through Staff Meetings, Instructional Aides Meetings and additional site professional development including such topics as:

- Math Model & Coaching
- English Language Development
- Collaboration
- Reading Mastery Training

## Professional Development

As we plan for the future of our District, continuing to build our capacity in the PLC Process so we can ensure all students “excel to their highest potential” and a comprehensive MTSS for academics, social-emotional and behavioral will continue to be a primary focus.

Site-based professional development activities are identified by the school leadership team based upon analysis of student performance data and parent survey results. Akers School’s certificated staff attend workshops and training events provided by the District, other school districts, county offices of education, and professional organizations. Subsequently, during weekly grade level collaboration time and common prep periods, teachers share knowledge and strategies acquired from district-sponsored workshops and external resources. Teaching staff emphasized training and collaboration on the following:

- Amplify Training (Science Curriculum)
- Classroom Discipline Training
- ExCEL (Explicit Direct Instruction)
- Next Generation Science Standards (NGSS)
- Professional Learning Communities
- Technology Training (new teachers)
- Multi-Tiered System of Supports (MTSS)
