2021-2022 School Accountability Report Card
(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	
	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	
	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	
	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Our mission at Stratford Elementary School is to provide a positive learning environment for the benefit of all students. We strive to ensure that each child feels personally connected to the school, attains high levels of academic achievement, and develops high standards of personal character. With these qualities, our children will undoubtedly grow to be productive members of the local community and our society as a whole.

Established in 1921, Stratford Elementary School is one of four schools in the Central Union Elementary School District. Stratford School is located in the town of Stratford, six miles south of Lemoore. Many of our students' parents, grandparents, and even great-grandparents attended Stratford Elementary School. This close-knit community is grounded in customs and traditions passed on from generation to generation.

Stratford Elementary School's administrative and teaching staff encourage and appreciate parental and community support. Our goal is to prepare all students to function as informed, productive citizens, to achieve success in the work environment, and to realize personal fulfillment. In order to meet this goal, students must attain high levels of academic achievement. By working together with our parents and community, we can ensure that our students maximize and enjoy the learning opportunities at school, while developing the skills necessary to make them successful, lifelong learners.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The state aligns textbooks, frameworks, and instructional materials to meet the California State Standards. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The District follows the State Board of Education's adoption cycle for core content materials. District textbook review and adoption activities occur the year following the state's adoption. The District's Curriculum Selection Committee, comprised of teacher representatives, narrow the potential selections, followed by review and recommendation from all teaching staff.   All textbooks are adopted from the most recent state-approved list. All textbooks are consistent with the content and cycles of the curriculum frameworks, adopted by the SBE. Every student has access to their own textbooks and instructional materials.

On September 12, 2022, the Central Union School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students, including English Learners, in the District. The Board of Trustees adopted Resolution #U-09-12-2022 which certifies, as required by Education Code section 60119, that (1) each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum.

School Facility Conditions and Planned Improvements

Stratford School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Ongoing maintenance ensures school facilities are kept safe and in good working condition and continue to provide adequate space for students and staff.

Campus Maintenance Site custodial staff and the District's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept very clean, safe and functioning for students, staff, visitors and community organizations that frequently use the campus facilities. One full-time day custodian and a team of evening custodians are assigned to the school and work closely with the principal for routine maintenance, daily custodial duties, and special events. The evening team of custodians is responsible for daily cleaning of both Central School and Stratford School. The principal and day custodian communicate daily regarding school facilities and maintenance issues.

The custodian inspects facilities every day for safety hazards or other conditions that need attention prior to students and staff entering school grounds. During the school day, all staff members survey grounds as a part of their daily routines to keep facilities safe and secure. The custodian performs routine room-by-room inspections to identify conditions that require correction. Any graffiti or signs of vandalism are removed prior to students' arrival to campus.

Upcoming projects -
During the summer of 2022, the site received plumbing improvements, hard court updates, installation of new roofs on two of the permanent buildings, and expanded expand the sidewalk areas bordering the outside of the school along 1st and 3rd street. Looking ahead, the site will an HVAC unit to the gymnasium area during the summer.

B. Pupil Outcomes	State Priority: Pupil Achievement

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
   The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	24	N/A	47	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results.   Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

At Stratford Elementary School, parents are encouraged to become active members of the school's learning community and to assist in developing independent, self-reliant, lifelong learners. Parents are encouraged to participate in the School Site Council, District Advisory Council, English Learner Advisory Committee, Migrant Group, and Parent Teacher Club.

Stratford School established a School Advisory Council in accordance with Economic Impact Aid funding requirements. This governing body is comprised of elected parents and school staff members. Council members are responsible for providing input into the development of the school plan. The School Advisory Council has elected to relinquish its duties to the School Site Council.

Community Involvement
Partnerships are important to Stratford School, and we are fortunate to have partnerships with the Kings County Sheriff's Department and the Stratford Volunteer Fire Department. Deputy Wisecarver is on duty in the Stratford area, and he drops by the school on a weekly basis to visit with children and show support for the school.

School Communications
All school-to-home communication is provided in both English and Spanish. Parents are kept informed of school activities, events and announcements on a regular basis. Parent Square, an Internet-based messaging system, is used to quickly forward important messages from school staff to each student's home. Important information can be found on the school's website and marquee, in the principal's newsletters, and inside the school office. When necessary, flyers are sent home with students, and very important announcements are mailed to students' homes.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Stratford Elementary School in collaboration with local agencies and the District administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, dress code policy, and bullying prevention policy. The most current school site safety plan is reviewed annually, and any changes or modifications are presented to the School Board by March. Annually, the plan is also reviewed, discussed and shared with school staff during staff meetings.

Components of the safety plan are regularly reviewed at weekly plant meetings, instructional aide meetings and faculty meetings. In addition, exercises or drills (i.e.monthly fire drills, lockdown/intruder on campus drills, earthquake drills, medical lockdown, missing child protocols, etc.) are also reviewed and held during the school year.

Professional Development

Central Union School District combines efforts to provide training and curriculum development based on the California Standards which are aligned to the content of the curriculum frameworks for grades transitional kindergarten through eight. Teachers within the District align classroom curriculum to ensure that all students either meet or exceed state proficiency levels.

CUSD Vision focuses on "empowering every student to excel to their highest potential." We seek "to be an exemplary learning community," as stated in our mission. With this in mind, the District's Professional Development Plan continues to focus on the Professional Learning Communities (PLC). Grade Level Teams have worked to identify Essential Standards Districtwide to ensure that all students are achieving.

The Multi-Tiered System of Support (MTSS) Leadership Team continued to focus on the Social-Emotional and Behavioral needs of students. District counselors and psychologists continue to provide certificated staff with Best Practices for Building Relationships including strategies to address any barriers.

Central Union School District Professional Learning

Social Emotional Learning
Dr. Joelle Hood provided all staff various social emotional learning (SEL) professional learning (PL) opportunities.

ABCs of S.E.A.L (Social Emotional Academic Learning)
All teachers participated in professional learning via Zoom, and the learning outcomes were as follows:
1. Understanding of Social Emotional and Academic Learning and learn the research that supports the importance of intentionally and consistently building S.E.A.L. and well-being practices into daily work practice.
2. Teachers engaged in activities designed to pique their own "SEALf-reflection" and ignite their passion to strengthen their own Social-Emotional skills as well as boosting the skills of their students.
3. Teachers learned easy-to-implement strategies to strengthen Social Emotional
skills and well-being in themselves and their students. Teachers received activities and practices that they could implement at the site and in their classrooms immediately.
4. Teachers learned how to positively impact students through the learning and growth of staff.
Social Emotional Learning isn't another thing on the plate. It is the plate. SEAL isn't
another thing TO DO, it is a way TO BE. Participants walked away with strategies,
skills, and practices designed to enhance staff and student engagement, efficacy, and
achievement.

Taking Time to B.R.E.A.T.H.E
All certificated and classified staff were provided the opportunity to participate in (PL) via online self-paced learning modules. Participants learned about emotional contagion and why it is so important to be their best possible selves – for their students, their colleagues, their organizations and themselves.
Participants learned about the roles belonging and social connection, a sense of purpose, self- compassion, mindfulness, gratitude and appreciation, the ability to harness our thoughts, empathy play in our wellbeing, resilience as well as our engagement, and performance at work.
Participants learned about a variety of research-based strategies, and practices that they could replicate immediately in their personal and professional lives to boost wellbeing, and resilience as well as engagement and performance.

Best Practices
All teachers received PL via Zoom during five early release days to develop a common understanding of best practices, leading to collective commitments to evidence based practices to improve instruction, and student learning. This model allowed professional learning communities (PLCs) to collaborate across all four schools. The best practices were as follows: student engagement, checking for understanding, student engagement, accountable talk, and core instruction strengthening great first instructional practices.

Developing Skilled readers
Dr. Nancy Akhavan and her team provided various PL opportunities for all instructional aides, all teachers, and all administrators. The PL focused on improving literacy achievement for all students. Instructional strategies supporting a comprehensive reading program leveraging
Scarborough's Reading Rope and the LIT Six: Phonemic Awareness and Word Work, Writing, Language, Read Aloud, Shared Reading, Small group instruction and independent reading, with oral language development at the center of all these six areas.

Professional Development

English Language Development
A KCOE Consultant provided 8 days of onsite ELD coaching and training. Professional Learning was differentiated based on need and focused on both Designated and Integrated ELD.

Reading Mastery (K-2)
Instructional Aides and Classroom Teachers were provided training in implementation of the Reading Mastery program. This professional learning focused on the design, delivery, and documentation of student progress and mastery within Reading Mastery. Participants actively engage in practicing of sounds, signals, and scripts.

New Teachers
New Teachers participated in a New Teacher Kick Off professional learning days. The days included clarity about key initiatives in the District, Multi-Tiered Systems of Support (MTSS) and Professional Learning Communities (PLC). The Cycle of Continuous Improvement (CCI) was provided. Teachers received professional learning on curriculum and Assessments, Overviews of Thinking Maps and Step Up to Writing. Technology professional learning included Instructional Apps, PowerSchool, Illuminate, and more. The days wrapped up with training on Special Education processes and Number Talks.

iReady
Central Union School District utilizes iReady as the district wide diagnostic tool to measure growth in English Language Arts and Mathematics. iReady is administered three times during the course of the school year in grades kindergarten through eighth grade. During the 2021-2022 school year, the diagnostic windows were held September 22- October 8, January 18-January 28, and April 19-25. All teachers received two sessions of professional learning with an iReady trainer. Trainings were held on December 9th and January 13th. Additionally, Intervention teachers received training on September 16th, October 14th, and February 3rd.
Student data is reviewed at the district level with community stakeholders as well as with site leadership. In turn, site leaders lead discussions at their schools with grade level teams to ensure students are receiving small group intervention and embedded time to work on their individual iReady paths during the school day.

Newly credentialed and/or beginning teachers receive training on assessment, individualized support, integration of instructional technology, and advanced content from the California Teacher Induction Program which is the preferred pathway to a California Professional (Clear) Teaching Credential. The Teacher Induction Program is co-administered by the California Department of Education (CDE) and the California Commission on Teacher Credentialing (CCTC). The Teacher Induction Task Force and State Leadership Team provide support and technical assistance to local Teacher Induction Program leaders. The Teacher Induction program provides standards-based, individualized advice and assistance that combines the application of theory learned in the preliminary teacher preparation program with mentor-based support and formative assessment feedback.

As we plan for the future of our District, continuing to build our capacity in the PLC Process so we can ensure all students "excel to their highest potential" and a comprehensive MTSS for academics, social-emotional and behavioral will continue to be a primary focus.

Sites also differentiate for staff based on the needs of their site, providing training through Staff Meetings, Instructional Aides Meetings and additional site professional development including such topics as:
- Math Model & Coaching
- English Language Development
- Collaboration
- Reading Mastery Training
- Academic Walks
- Tech Talks

Professional Development specific to Stratford Elementary School included:
- Designated ELD coaching with the Kings County Office of Education
- Lindamood-Bell Seeing Stars and Visualizing/Verbalizing training and coaching
