IPM Statement

It is the goal of Central Union School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to create a safe school and office environment that is free of pests.

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

GoalTender (Active ingredient: oxyfluorfen: 2-chloro-1-(3ethoxy-4-nitrophenoxy)4-(trifluoromethyl)benzene
